

Item no. 771-5001/166-000

WINSTA® MIDI > pre-assembled connecting cable; Eca;
 Plug/open-ended; 5-pole; Cod. I; H05VV-F 2 x 1.5 mm²; 3 m;
 1,50 mm²; blue

Color:

Cable assembly **WINSTA® MIDI** with protection against mismatching

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly with protection type IP20. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to various requirements in next to no time.

The coding options reduce installation errors, allowing fast, secure wiring of all components. The pluggable installation connector is protected in accordance with protection type IP20. This means that users' fingers will never come into contact with energised elements. I coding in blue is used to label **WINSTA® MIDI** pluggable installation connectors, which are used predominantly in building automation for activating lighting. The **WINSTA® MIDI** product line allows flexibility for the electrical installation. With its Push-in **CAGE CLAMP®** spring pressure connection technology, it achieves error-free, time-saving installation and offers customization and flexibility for meeting an enormous variety of installation requirements. According to the European CPR, the fire class of the cables used in construction is critical for the safety of buildings, too. For buildings with medium-level safety requirements, cable assemblies with fire class E are suitable.

Fast, error-free assembly thanks to cable assemblies from WAGO

The cable assembly is equipped with a plug and a free end. The WINSTA® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and thus faster, even more reliable, and error-free. Use of this pre-assembled system reduces time spent on assembly and installation errors at the construction site. Choose durability and quality – the WINSTA® MDI pluggable installation connector with fire class E from WAGO makes the electrical installation of electrical components significantly easier.

- protection against mismating eliminates errors
- pre-assembled versions
- for intelligent, easy lighting installation
- ready to install and use immediately
- convenient installation and commissioning
