OPTIVISION - MASTER MHN-LA - 2000 W - Medium beam

Optivision is an asymmetric downlighting luminaire that combines compact dimensions with very high efficiency. Available with narrow, medium and wide beams for flexibility in application, it provides excellent control of spill light and limitation of glare and upward leakage of light. Optivision can accommodate metalhalide lamps for good color rendering or high-pressure sodium lamps for economical operation. Excellent spill-light control, limitation of glare and upward leakage of light is secured by asymmetric optics that achieve peak intensity at 60°2 and a sharp cut-off of light at 80°2. The MHN-LA/FC lamps guarantee pleasant and natural color rendering and comfortable atmosphere.
