

EVoline® V-Port

EVOLine® V-Port

**Uses every corner of space.
For kitchens, bars and offices.**

There is almost always space underneath wall cupboards in the kitchen - especially in the corner adjacent to the wall or the next wall cupboard. And this is precisely where the EVOLine V-Port is mounted. The V-Port is connected via a

*Available with
internationally
approved sockets.*

special plug-in module on the top. The V-Port is enclosed in an elegant housing with an aluminium cover with a stainless steel look. With a gentle push it becomes a variably connectable multiple socket, optionally with a USB charger.
