

Quality and reliability is our tradition

KYORITSU

# 120A AC/DC Digital Multimeter with Open Clamp Sensor

## KEW MATE 2012R

Convenient  
for current  
measurement  
at the crowded  
connection box!

Fit into  
your pocket

True-RMS

AC/DC-current  
measurement  
up to 120A!

Max  
resolution:  
0.01A!

Measuring  
conductor  
diameter:  
 $\phi 12\text{mm}$

Equipped  
with a shock  
absorbing holster

**TRUE RMS**

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| AC A              | 60.00/120.0A                                                              |
| DC A              | 60.00/120.0A                                                              |
| AC V              | 6.000/60.00/600.0V                                                        |
| DC V              | 600.0mV/6.000/60.00/600.0V                                                |
| $\Omega$          | 600.0 $\Omega$ /6.000/60.00/600.0k $\Omega$ /6.000/60.00M $\Omega$        |
| Continuity buzzer | Buzzer sounds below 35 $\pm$ 25 $\Omega$                                  |
| Diode test        | 2V                                                                        |
| Capacitance       | 400.0nF/4.000/40.00 $\mu$ F                                               |
| Frequency         | (AC A) 100/1000Hz/10kHz<br>(AC V) 100/1000Hz/10/100/300.0kHz              |
| Conductor size    | $\phi 12\text{mm}$ max.                                                   |
| Power source      | R03 (1.5V) $\times$ 2                                                     |
| Dimensions/Weight | 128(L) $\times$ 92(W) $\times$ 27(D)mm/ Approx.220g (including batteries) |
