

SHARP WALL

Sharp Wall is a perfect wall luminaire in a sharp design for installation on walls of large properties and complies with requirements for glare, evenness and colour rendering for car parks. Perfect on industrial walls, parking at rented apartments or why not over the warehouse gate. Adjustable lumen output and selectable colour temperature via DIP-switch, direct in the luminaire. Impact resistant (IK10) with durable powder coating to withstand our Nordic climate. Adjustable with its tiltable luminaire head makes it possible to direct the light 0–30°. Accessories include corner brackets and mounting plates for thin sheet metal and light concrete walls. Easily installed thanks to separate rear element and push-in, loop-in, loop-out terminal block for direct connection to 230V. Suitable for surface-mounted cable.
