- Low profile design - just 28mm overall depth
- 360° Shielding protects against alien crosstalk
- Toolless termination design
- Supports 10 Gigabit Ethernet application
- 3rd Party ISO11801 2nd Edition verification

Product Overview

Excel Category 6A Low Profile Screened Keystone Jack, is a reduced size toolless termination RJ45 socket. The reduced size allows for multiple cable entry directions to be accommodated when this jack is mounted in a standard depth back box. This permits many mounting options including flush shutters at the outlet as well as more common angled shutter used with keystone jacks.

The socket itself is housed in a high quality zinc die cast housing, which opens at the rear in a butterfly manner to reveal the IDC termination points.

Features	
1: Category	6A (IEC)
2: Model	Jack
3: Type of connector	RJ45 8(8)
4: Connection type	Insulation displacement
5: Colour	Silver
6: AWG-range	22...26
7: Shielded	yes
8: Suitable for round cable	yes
9: Suitable for flat cable	no
10: Suitable for solid core	yes
11: Special tool necessary	no
